## Sauvignon A

Appellation Touraine Contrôlée  
Sauvignon Blanc

*Our goal is to reveal the unique characteristics of a Sauvignon Blanc made in an historical terroir of the Cher.*

**Terroir & Winemaking** : Clay-limestone slopes with flint incrustations found on the river Cher's right bank, called « perruches ». Sauvignon A undergoes cold prefermentation stalling, low-temperature fermentation and six months maturing in stainless steel tanks.

**Tasting Notes** : Golden robe with green tints, perfect limpidity and nice intensity. Very complex nose with fine fruit notes (citrus, grapefruit) and minerals. On aeration, the minerality dominates (gunflint) with citrus notes. The palate is rich and thick, but with extraordinary finesse. The minerality mixes with fruit (peach). Very long on the palate.

*This wine is best served at 10/12°C, as an aperitif or with creamy fish, seafood, asparagus or white butter sauce fish.*
