

Grape variety: Côt (Malbec) 100 %

Soil: hillside of the Cher: alluvium on limestone subsoil

Vine training: well-reasoned practices, HEV in progress

Vinification: short maceration with low temperatures, preservation of aromas with controlled extraction of tannins (punching down, rack and return)

Tasting notes: red fruits on the nose. Not very aggressive on the mouth, fairly supple tannins.

Aging potential

5 000 bottles in stock
